Getting Started

What is AI Interview?

AI Interview is a focused, AI-powered mock interview platform designed to help candidates practice and improve their interview skills before facing real-world interviews. Detailed explanation of the platform:

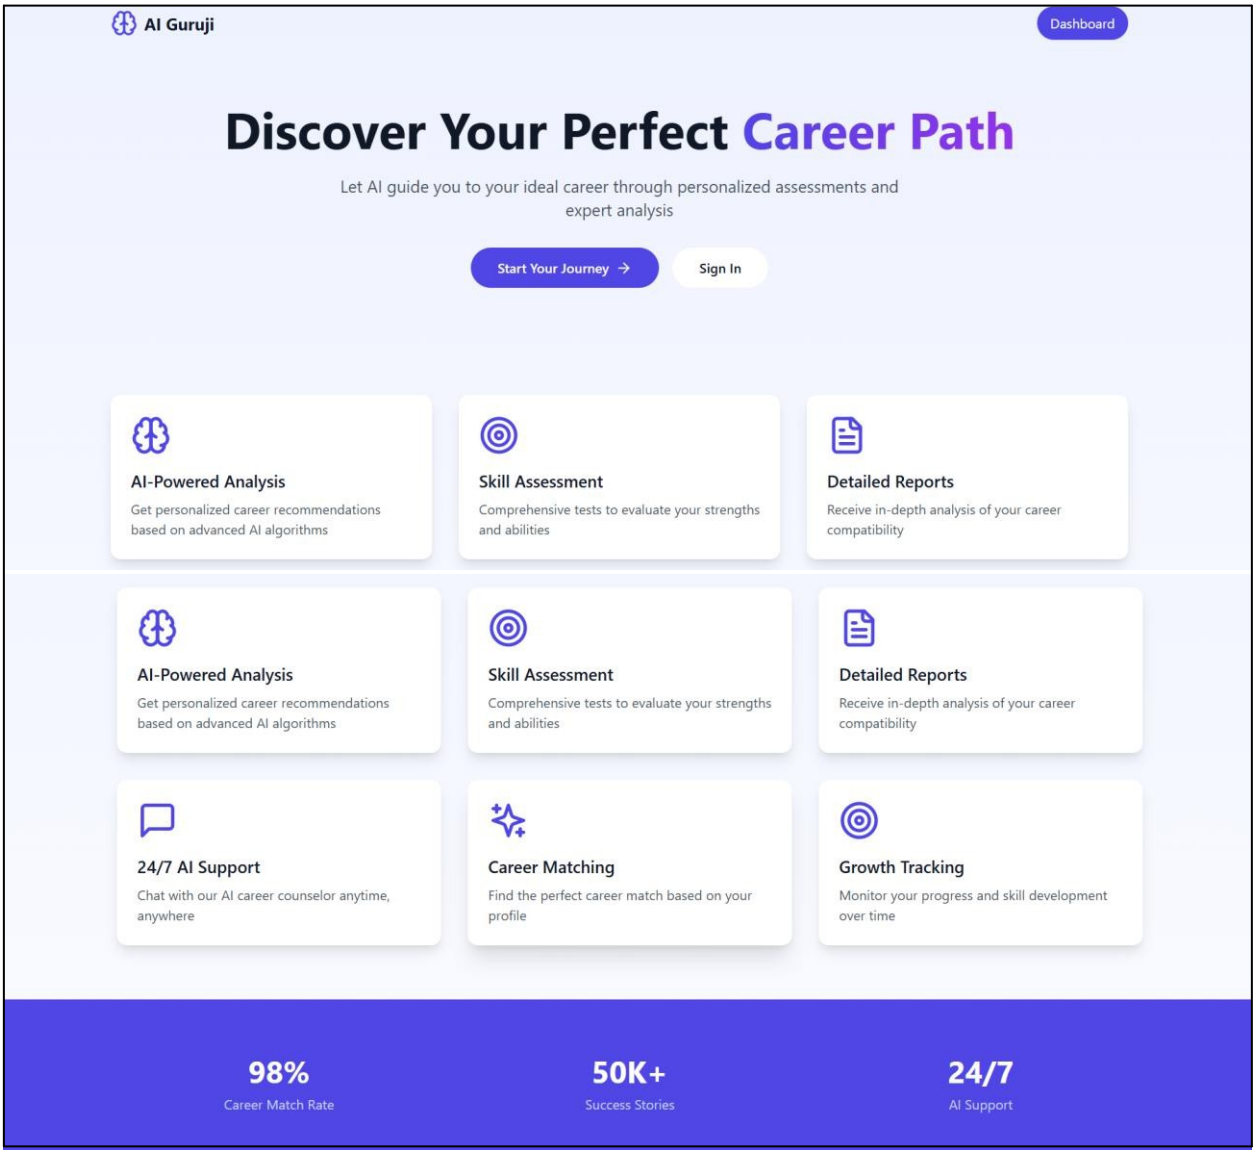
• **Adaptive Interview Engine:** Choose a domain or role and the system generates relevant questions. The AI adjusts difficulty and follow-up questions based on your responses.

• **Question Delivery Modes:** The platform supports both TEXT and VOICE modes for delivering interview questions. By default, interview questions are presented as TEXT on the screen. Voice (AI speaking questions aloud) can be enabled from Settings or on specific interview sessions if you prefer an audio experience.

• **Candidate Responses:** Candidates can respond using VOICE (microphone) or TYPE their answers. Voice answers are transcribed into text and saved in the Q&A; history. You can switch between voice and text while taking the interview if needed.

• **Feedback & Reporting:** After completing an interview, the AI generates a structured report listing strengths, weaknesses, suggestions for improvement, and the full question-answer history for review.

• **Privacy & Data:** Your interview history and reports remain private to your account. You control profile information and can export reports as PDF if enabled.



AI Interview Landing Page *The main landing page showcasing key features*

Before You Begin

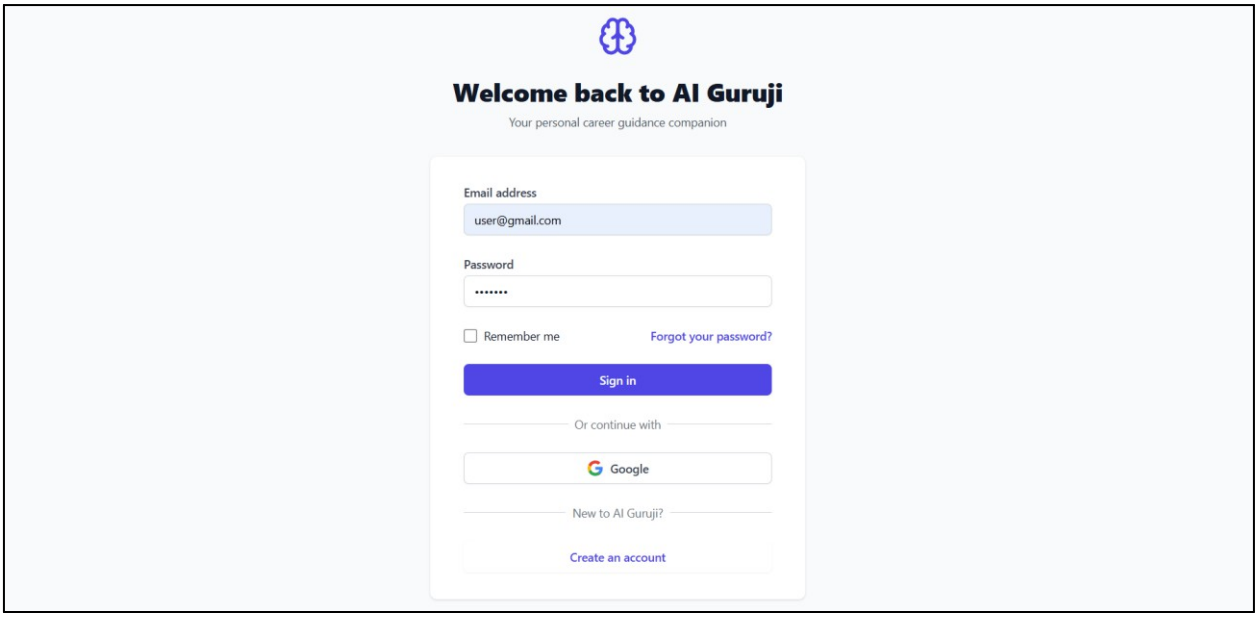
- Ensure you have a stable internet connection
- Set aside 20-30 minutes for each assessment
- Find a quiet space where you can focus without distractions
- Have a valid email address ready for account creation

Creating Your Account

Step 1: Access the Sign-In Page

Navigate to AI Guruji and you'll see the welcome page. Click either:

- **"Start Your Journey"** (for new users)
- **"Sign In"** (if you already have an account)



Sign In Page *The sign-in interface for returning users*

Step 2: New User Registration

If you're new to AI Guruji:

1. Click **"Create an account"** at the bottom of the sign-in form
2. Enter your email address
3. Create a secure password
4. Alternatively, use **"Continue with Google"** for quick registration

Step 3: Existing User Sign-In

If you already have an account:

1. Enter your registered email address
2. Enter your password
3. Check **"Remember me"** if using a personal device
4. Click **"Sign In"**

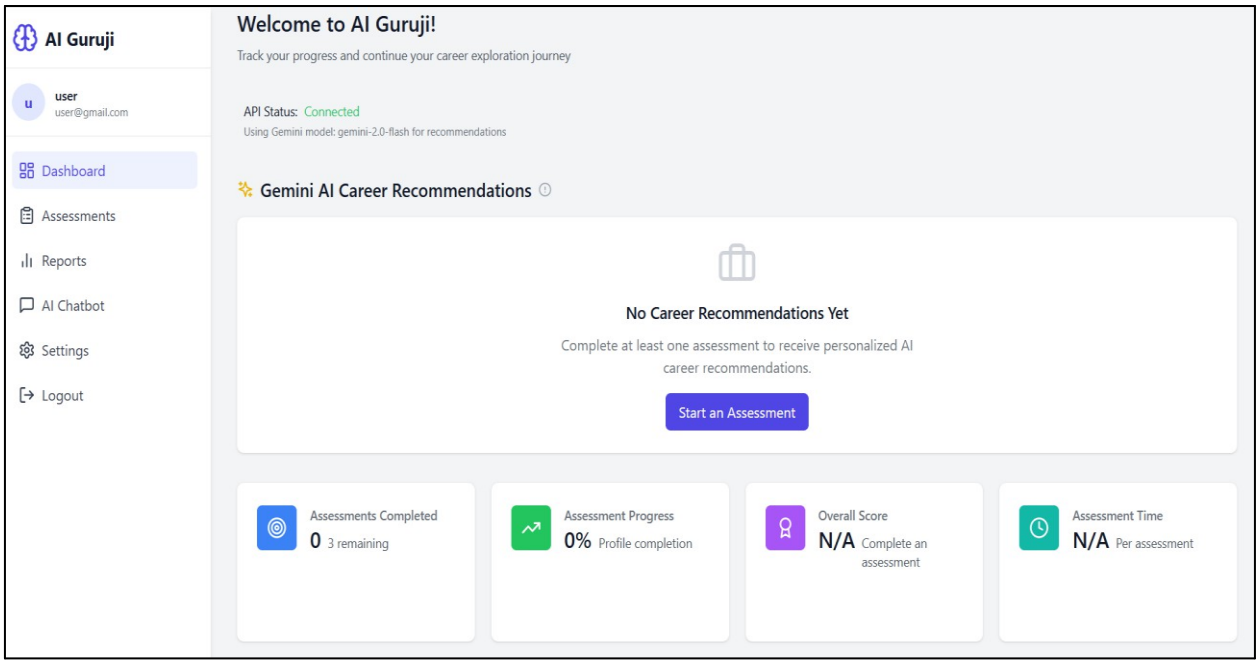
Account Security Tips for Students:

- Use your school email or a personal email you check regularly
- Create a strong password with letters, numbers, and symbols
- Don't share your login credentials with classmates
- Log out when using shared computers

Navigating Your Dashboard

Your Personal Dashboard Overview

Once logged in, you'll arrive at your personalized dashboard - your command center for career exploration.



Dashboard Overview *Your main dashboard showing progress and Reports.*

Dashboard Components:

1. **Quick Start:** Start a new interview or continue a saved session.
2. **Recent Interviews:** A list of your latest mock interviews with quick access to reports.
3. **Performance Summary:** Aggregate metrics like average score, number of interviews, and improvement trends.
4. **Navigation Menu:** Links to Home, Interview, History, Profile, Reports, and Settings. Screenshots to include: Dashboard screen after login.

5. Progress Tracking Cards

Your dashboard includes four key metrics:

Interview Completed

- Shows number completed out of 3 total assessments
- Displays “3 remaining” until you complete them

Interview Progress

- Shows overall completion percentage
- Updates as you complete assessments

Overall Score

- Displays “N/A” until you complete an assessment
- Shows your career compatibility score once available

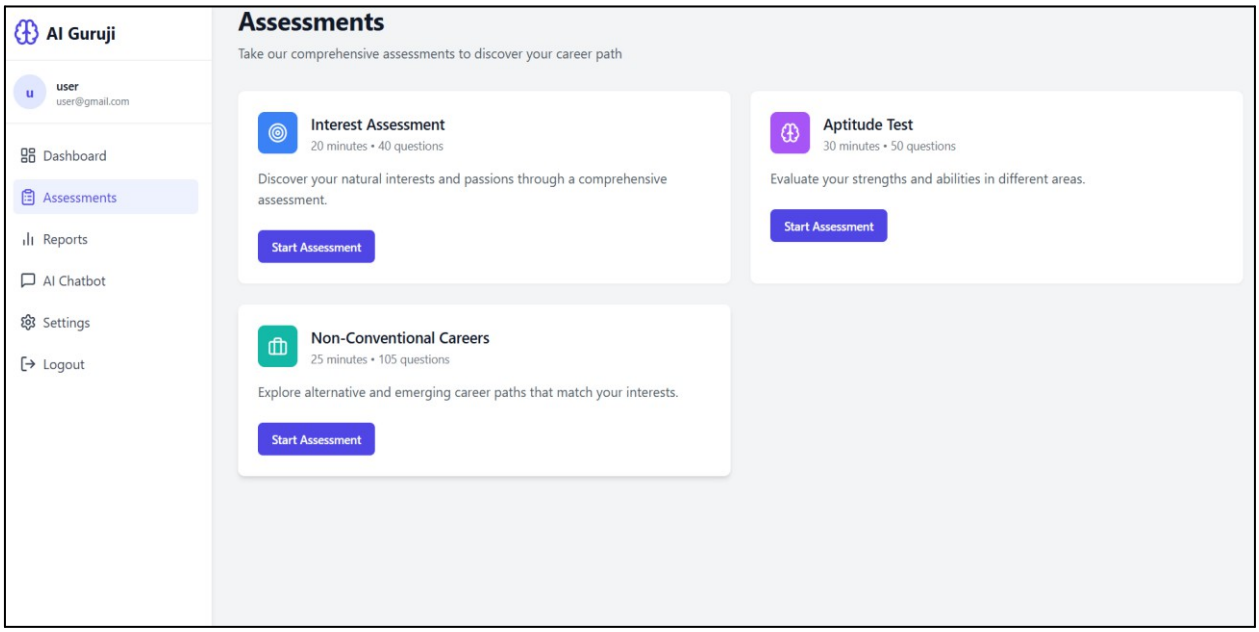
Navigation Menu

The Navbar provides easy access to all features:

- **Dashboard**: Your main overview page
- **Assessments**: Select Domain and Start Interview.
- **Reports**: View detailed results and analysis
- **Logout**: Safely exit your session

Taking Assessments

Domain Types Available



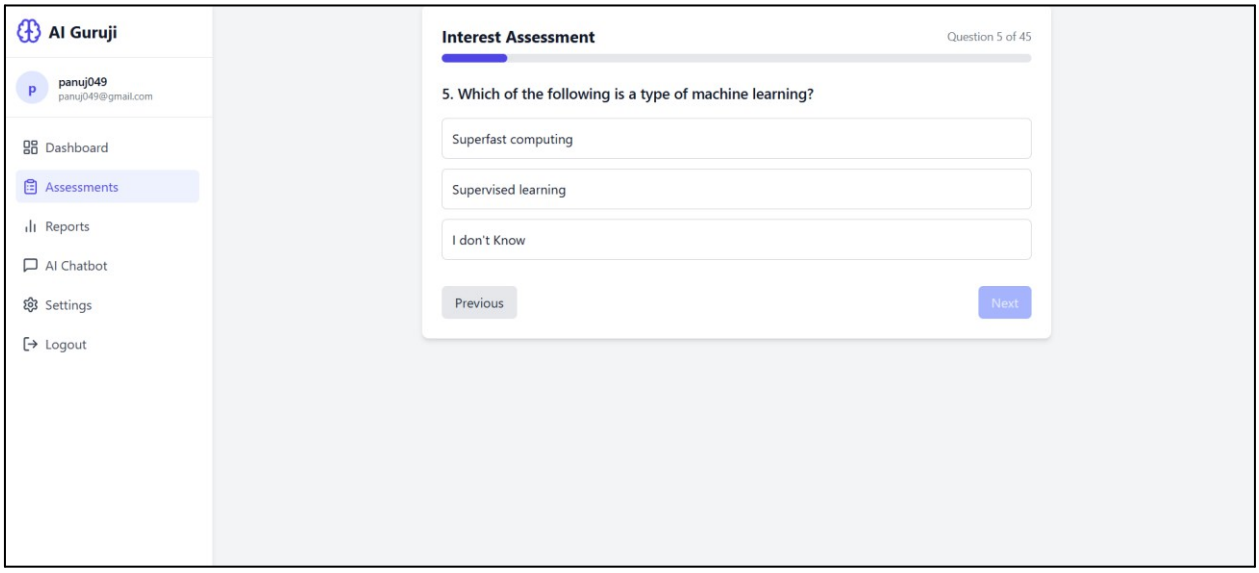
Assessments Page *Overview of all three Domain types*

How to Take an Interview

Step 1: Choose Your Interview

1. Navigate to **"New Interview"** in Home page Domain.
2. Read the description of each assessment
3. Click **"Start Interview"** on your chosen Domain.

Step 2: Taking the Interview



Assessment Interface *Example of Interview question interface*

During the Assessment:

- Read each question carefully
- Give the answer that best represents you, not what you think is "correct"
- Be honest - there are no right or wrong answers
- Use **"Previous"** and **"Next"** buttons to navigate
- Monitor your progress with the progress bar at the top

Assessment Tips for Students:

- Don't overthink your answers - go with your first instinct
- Answer based on what you genuinely enjoy, not what others expect
- Take breaks if you feel fatigued (save your progress first)
- Complete assessments when you're alert and focused

Step 3: Completing the Assessment

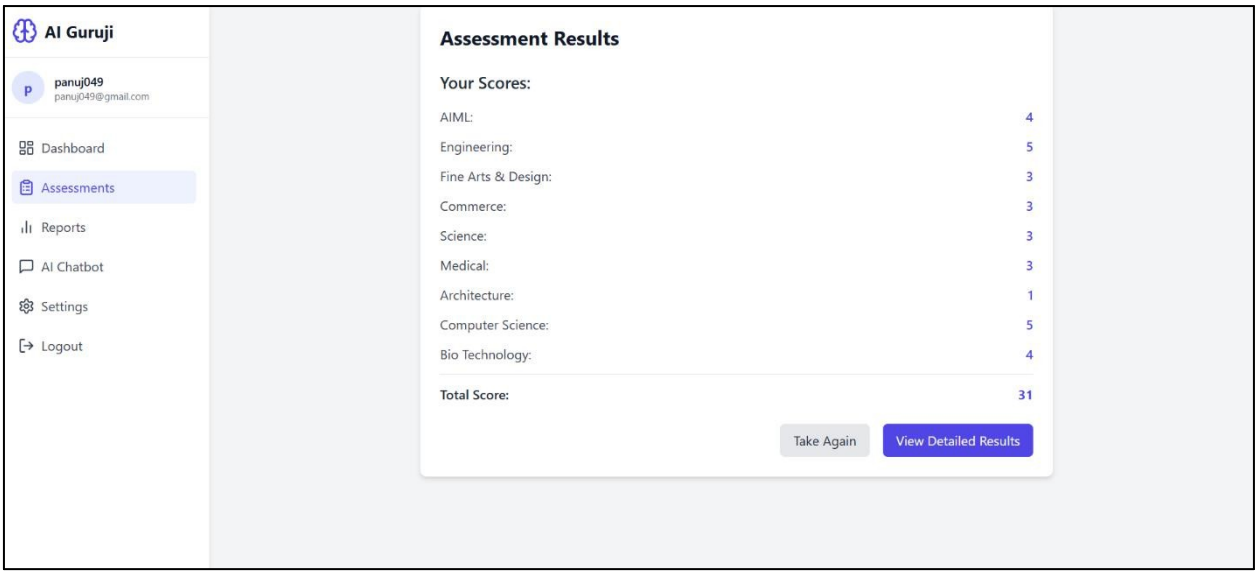
- Review your answers if needed
- Submit your completed assessment
- Wait for the system to process your results

Understanding Your Reports

Accessing Your Results

After completing an assessment, you can view your results in two ways:

1. Click **"View Detailed Results"** from the completion page
2. Navigate to **"Reports"** in the main menu



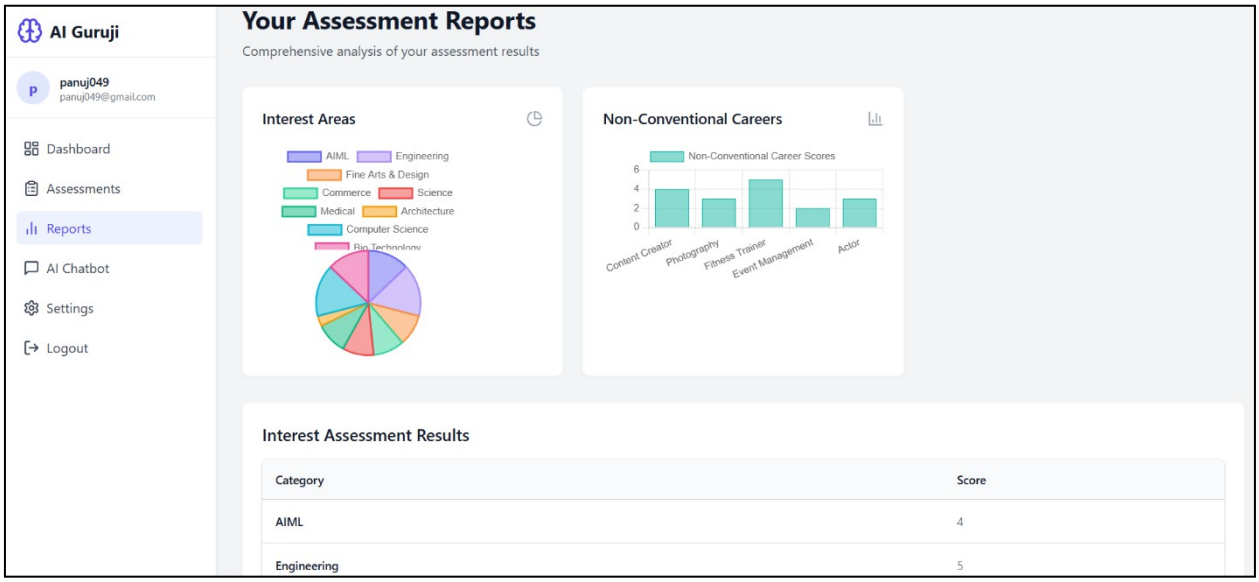
Assessment Results *Summary of your assessment scores*

Assessment Results Page

Your results page shows:

- **Individual scores** for each career area (AIML, Engineering, etc.)
- **Total score** combining all areas
- Options to **"Take Again"** or **"View Detailed Results"**

Detailed Reports Dashboard



Detailed Reports *Comprehensive analysis of your assessment results*

How Students Should Interpret Results

High Scores (8-10 points):

- Strong natural inclination toward this field
- Consider exploring careers in this area
- Look for related courses and programs

Medium Scores (5-7 points):

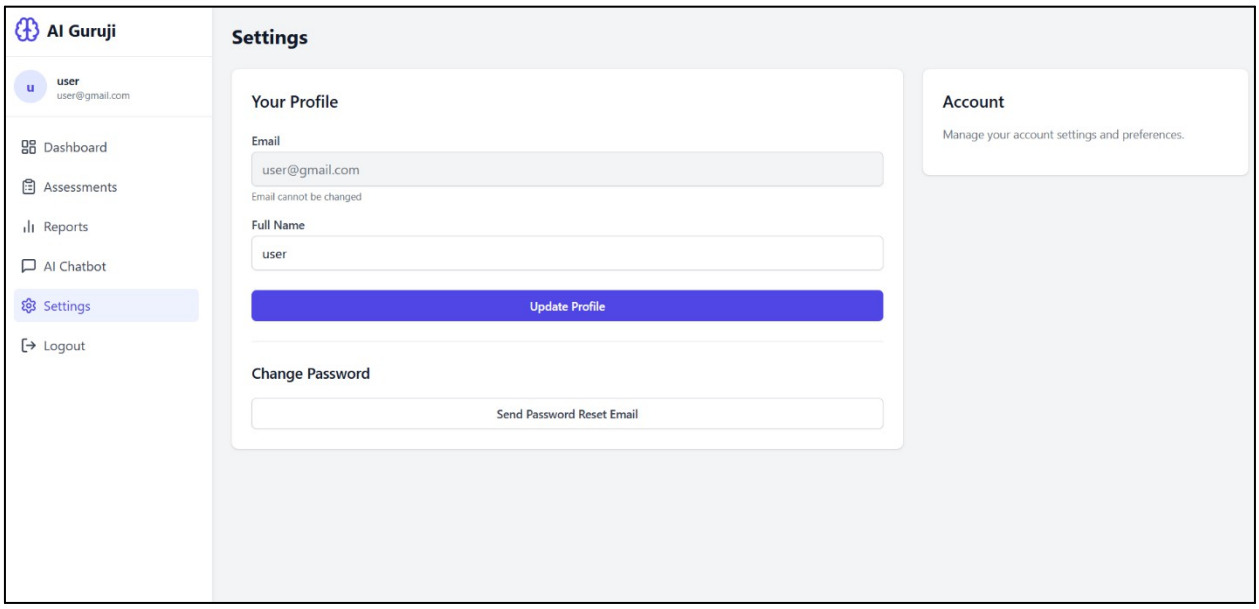
- Moderate interest or potential
- Could be developed with effort and exposure
- Consider as secondary options or combined fields

Low Scores (0-4 points):

- Limited natural inclination
- Doesn't mean you can't succeed, but may require more effort
- Consider why the score is low - lack of exposure vs. genuine disinterest

Managing Your Profile

Accessing Settings



Settings Page *Profile and account management interface*

Navigate to **"Settings"** in the left menu to manage your account.

Your Profile Section

Update Your Information:

- **Full Name**: Can be updated anytime
- **Email**: Cannot be changed (this is your unique identifier)

Why Keep Your Profile Updated:

- Ensures personalized recommendations
- Helps with progress tracking
- Important for future communication

Privacy and Security Tips for Students:

- Regularly update your password
- Don't share account details with friends
- Log out from shared or public computers
- Keep your email address current

Tips for Success

Before Taking Assessments

1. **Choose the right time**: When you're alert and not rushed
2. **Find a quiet space**: Minimize distractions
3. **Be honest**: Answer authentically, not based on what others expect
4. **Stay relaxed**: There are no wrong answers

During Assessments

1. **Read carefully**: Understand each question before answering
2. **Trust your instincts**: Your first reaction is often most accurate
3. **Don't overthink**: Avoid analyzing answers too deeply
4. **Stay focused**: Complete the assessment in one sitting if possible

After Getting Results

1. **Review thoroughly**: Spend time understanding your results
2. **Research careers**: Look into high-scoring career areas
3. **Seek additional guidance**: Talk to teachers, counselors, or family
4. **Take action**: Start preparing for your chosen career path

Making Career Decisions

1. **Explore education paths**: Research required courses and programs
2. **Seek real-world exposure**: Look for internships, shadowing opportunities
3. **Stay flexible**: Be open to adjusting your path as you learn more

---

Troubleshooting

Common Issues and Solutions

Can't Sign In

Problem: Email or password not recognized **Solutions:**

- Double-check your email spelling
- Try the password reset feature
- Ensure caps lock is not on
- Clear your browser cache

Assessment Won't Load

Problem: Interview page not responding **Solutions:**

- Refresh your browser
- Check your internet connection
- Try a different browser
- Disable browser extensions temporarily

Results Not Showing

Problem: Completed Interview but no results visible **Solutions:**

- Wait a few minutes for processing
- Refresh the page
- Check the "Reports" section
- Log out and log back in

Progress

Problem: Interview progress not saved **Solutions:**

- Complete interview in one session when possible
- Ensure stable internet connection
- Don't close the browser tab during assessment
- Contact support if progress is consistently lost

Microphone not working:

1. Ensure the browser has permission to access your mic.
2. Check system sound settings and try reconnecting your mic.
3. Note which browser you're using

AI not responding or slow:

4. Check your internet connection and refresh the page.
5. If the issue persists, try a different browser (Chrome is recommended for voice features).

Technical Requirements

Recommended Setup:

- Modern web browser (Chrome, Firefox, Safari, Edge)
- Stable internet connection
- Device with keyboard for typing responses
- Updated browser version

Frequently Asked Questions

Q: Can I retake interviews?
A: Yes, you can retake interviews any number of times.

Q: Can I download my reports?
A: Yes — export to PDF or email (if enabled).

Q: Is voice required for answers?
A: No — voice is supported but typing answers is also allowed.

Q: Are questions delivered via voice?
A: By default questions are shown as text. Voice delivery of questions can be enabled from Settings if desired.

Q: Is OTP verification required?
A: No — OTP verification is NOT used in this version.

Conclusion

AI Interview is designed to be your personal companion in interview preparation and career growth. Remember that mastering interviews is a continuous journey, not a one-time task. Each mock interview you take helps you uncover your strengths, refine your communication, and identify areas that need improvement.

Use the feedback and insights from your practice sessions as a foundation for deeper self-improvement. Treat every session as a safe space to experiment, make mistakes, and learn without pressure. Over time, you will notice real progress in confidence, clarity, and performance.

Good luck with your journey, and remember: every practice brings you one step closer to success!

This manual is designed to help students maximize their use of AI Interview for career guidance and exploration. For additional support, use the built-in AI counselor or consult with your school's career guidance team.
